Dear Joshua,

George A Jones operations ceased to exist when Jones Imperial #2, LLC was formed in its place on Sept. 13, 2011. There should be no need to generate a second response to your request dated December of 2015.

I am the daughter of George A Jones. The family inherited the one and only well and just had it abandoned. The DOGGR is expected to do their final inspection next week or soon thereafter. Should you require validation by the DOGGR, you may contact them in a few week's time (or perhaps the process generates notification to you).

This should satisfactorily close the loop in your process.

Kind regards,

Diana Schilling, Manager

Hi Diana,

I recently found out through DOGGR that Jones Imperial #2 might be the same operator as George A Jones. In December the Regional Board sent out Orders to all operators. You responded for Jones Imperial #2 (attached).

Would you also be the contact for George A Jones operations (attached)? If so, could you please generate a response so we can close the loop on this Order?

Thank you!
